

Home Sweet Home!

This term Class One will be learning about different kinds of houses and homes. The children will have the opportunity to find out how homes have changed over time and how they are different around the world.

I will be launching our new topic by holding a 'Grand Designs' day on Monday the 13th of January, when we will be planning, designing and creating a model of our dream home! I will be very grateful for donations of empty boxes and containers of any size. Thank you.

Listed below are the topic links for each area of the curriculum.

Mrs White

Literacy

- * Recounts: Personal and fictional past tense recounts and biographies.
- * Traditional Tales: Including The Three Little Pigs and Goldilocks.
- * Poetry: Using our Senses.
